It is assumed that if a club member knows of any illegal or unethical practices of the applicant these will be brought to the attention of the membership prior to a membership vote.
3. After #1, and 2 above are met, an applicant may be approved by a majority vote of the membership AND payment of an initiation fee and membership dues. The vote will be by secret ballot.
4. New members will receive a Welcome Letter, Code of Ethics, Constitution and By-Laws, a copy of the Policies and Procedures, and a list of MCKC Officers and Board members.

9. Members joining (i.e., being voted in) at the October, November, and December meetings have the same dues and work hour requirements as if they joined in Jan. of the following year. To reasonably allow for members to accrue worked hours during the year, they will need to work two (2) hours for every month they are a member during the year they become a member. (For example, if Jane Smith joins in February 2005, she will owe full renewal fees in 2006 and be responsible for 22 hours of volunteer time [2 hours for each of the 11 months she was a member]. If Mike Jones joins in June 2005, he will owe full renewal fees in 2006 and be responsible for 14 hours of volunteer hours [2 hours for each of the 7 months he was a member].)

11. Family membership is defined as members living in the same household including children under 18.
12. Per the Constitution a Family membership is limited to two votes, one per adult.

B) Junior Membership

1. A Junior member is anyone 9 to 17 years of age who is not part of a family membership. Membership fee is required, and all requirements listed in the By-Laws would have to be met. No voting rights and no volunteer hours are required. At age 18 the membership fee reverts to adult status without the initial adult membership fee. Voting rights and volunteer hour requirements would also apply.

C) Life Membership

1. A member must be nominated in writing by another member in good standing. Written nomination must include contributions made to the club in accordance with #3.
2. The nominee must be approved by a majority vote of the Board of Directors.
3. An existing member may be approved for Life Membership if they have been a working/contributing member for a minimum of 20 years.
4. Life members have the same privileges as voting members except requirements for dues and volunteer hours are waived with the exception of special assessments determined by the club.

D) Professional Membership – Field Only

1. In addition to all contingencies under Full Voting Membership, the following definition shall apply: *Professional member- a person who during the period of two years preceding January 1 has earned any part of his or her livelihood from the training of a dog for hunting, field trial, or hunt test competition and/or handling a dog in such competition.*

E) Membership Maintenance Requirements

The membership year shall run from January 1 to December 31. Effective at the end of 2007, membership renewals will be mailed in early January 2008 with dues to be paid no later than March 1, 2008. This will apply to each succeeding year. This notice may be incorporated into the club newsletter. *Dues shall be established by the Board of Directors.* In addition to annual dues, all active members are required to volunteer 25 hours of service to the club. A fee will be charged for each unworked hour to maintain membership. Event chairs and individuals are responsible for documenting worked hours. The Membership Secretary and Field Secretary will keep track of such hours. (The Membership Secretary is appointed by the Board of Directors to assist the Club Secretary with membership issues.) Voting member must meet work hour requirement or pay alternate fees. Any member whose dues are over 60 days delinquent may be terminated from membership. No member terminated from membership will be readmitted without such a request IN WRITING and payment of delinquent dues and Board approval.

4. All committee chairpersons are to submit a written request for any financial reimbursement incurred.
5. An audit of club books shall be done annually or at any time it is requested by a majority vote of the general membership and/or Board of Directors.
6. The President will have access to the club check book to issue checks for payment of bills when the Treasurer is unavailable.

VIII – Committees (Subject to AKC approval)

1. Committees shall exist for the most efficient delegation of authority for various club functions according to the Constitution and By-Laws provisions.
2. Committees with ongoing duties should report monthly at club meetings. Committee event chairs shall file a report within three months of the conclusion of that event. Oral updates at meetings are encouraged.
3. All Committee and Event chairpersons should keep an updated back-up plan of their duties and responsibilities and share with members of their committee. A copy should be maintained by the Club Secretary.
4. Event treasurers are recommended by event chairpersons and approved by the board of directors. The board of directors must approve bank accounts for major events. Currently the events are the dog expo, hunt test, field trial (sanctioned trial included), fall conformation/obedience/ rally show and agility trials. Event treasurers and the club treasurer must sign a bank signature card. Only event treasurers may sign checks for their events. Each event bank account will have a beginning balance. If additional funds are needed the club treasurer is contacted to make a transfer.
5. Event treasurers are authorized to deposit event income and pay expenses as approved by the event chairperson. An accurate check register must be kept current for all bank transactions. An invoice or other written document is required for all payments with the check number written on each document. An up-to-date balance must be kept for all accounts (a simple check register should work for this). All event treasurer records must be kept in good accounting order. If the club treasurer needs to make a transaction in an event account, the event treasurer must be informed. The club treasurer will use the monthly bank statements to record event income (deposits) and expenses (“cleared” checks) into the clubs general ledger. The club treasurer will then forward the monthly bank statement to each event treasurer. Statement amounts (checks and deposits) must be reviewed for accuracy and the club treasurer notified of any problems or errors. The club treasurer must be informed of any checks issued for return of income rather than an expense (i.e., entry refunds - see event report form).
6. After all activity for an event is completed a MCKC Event Income and Expense Report form is to be completed and given to the event chairperson who will forward (email or mailed) the information to the club secretary (the event treasurer may wish to keep a more detailed list of event income and expenses). The report will be reviewed at the next board meeting. Also, an oral summary report is to be given at the next general meeting. Then within 30 days, all event records are to be forwarded to the club treasurer (to include deposit receipts, paid invoices, check registers, bank statements and the final income/expense detail report). Event records are kept with general club records. The club treasurer will transfer event account money (less a starting balance for the next event) to the appropriate club account. The amount of the transfer is determined by the current cash needs of the club. Currently profits from the hunt test and dog expo are transferred into the Valders grounds

improvement account. Profits from agility are transferred into the Manitowoc grounds improvement account. All other event profits are transferred into the club's general checking account. Event treasurers will be informed of the transfer amount.

7. Event treasurers may contact the bank to check on the status or amount of a transaction or the balance of their account. All other correspondence with the bank is handled through the club treasurer. If a credit card is required, it is suggested the event treasurer obtain a credit card in their name to be used for event needs. Then, the credit card statement can be paid with an event check.
8. The committees and their functions include:
